Instructions for BFC Missionary Support Budget Sheet

Please complete this budget form and send it to the Board of Missions no later than November 1st, 2023. Even if there is no change from your last year's contributions, we require a new form to be completed.

The Board of Missions pays each Missionary agency one month in advance of your pledged support. This means that each month, even if we have already received the funds from you, we send the funds to your Missionary's agency. We do this to ensure continuity in their support as some churches give annually, semi-annually, quarterly, as well as monthly.

Section A: Please complete with the name of the missionaries that you intend to support with the annual budget amount from Jan-Dec 2024 for each missionary. If ANY changes occur throughout the year, please contact the Board of Missions Immediately so we can update this form. Please list only the amount that is budgeted. If you have special contributions, those will be handles on the monthly form you send with your contributions. If you do not know the account number, just leave it blank.

Section A, Line 10: Please consider supporting our Director. He strives to enhance the meaningfulness and effectiveness of your local church's reach to the nations.

Section B: Total your Missionary Annual Support on this line.

Section C: We do not charge administrative fees; therefore, we count on your generosity to continue our work. These designated funds help pay for board expenses such as rent, utilities, communication, travel, and staff expenses. 10% is recommended, however, any amount is greatly appreciated. Please note: The Board of Missions does not receive any money from your yearly BFC assessment charges.

Section D (optional support request): Just 3% enables us to provide assistance to missionaries who have retired and who do not have adequate resources to provide their needs.

Section E: Some missionaries have special projects or initiatives that churches may give to each month outside of their regular support. If you choose to support a missionary on a special project or initiative for the entire year, please fill in this section. If not, just leave it blank. Note: special gifts that are given once a year should not be included here.

Signature: Please have the person responsible for handling missionary correspondence and finances sign this portion and complete the contact information. This will help us keep our records up to date and know who to reach out to if we have any questions.
